

industrial organization a strategic pdf

Strategic bombing during World War II was the sustained aerial attack on railways, harbours, cities, workers' housing, and industrial districts in enemy territory during World War II. Strategic bombing is a military strategy which is distinct from both close air support of ground forces and tactical air power.. During World War II, it was believed by many military strategists of air power that ...

Benchmarking improves performance by identifying and applying best demonstrated practices to operations and sales. Managers compare the performance of their products or processes externally with those of competitors and best-in-class companies, and internally with other operations that perform similar activities in their own firms.
