Engineering is the creative application of science, mathematical methods, and empirical evidence to the innovation, design, construction, operation and maintenance of structures, machines, materials, devices, systems, processes, and organizations for the benefit of humankind. The discipline of engineering encompasses a broad range of more specialized fields of engineering, each with a more ...

Engineering - Wikipedia

Q. What is the difference between a detector tube and a dosimeter tube?: A. Both detector tubes and dosimeter tubes contain a color-changing material that is specific for the chemical or family of chemicals that it is designed for and will generally have a graduated scale to display the concentration of the vapor.
