

Master en droit de la r gulation : L Ucad f te sa premi re

Undergraduate Major in Computer Science. The Computer Science major emphasizes the principles of computing that underlie our modern world, and provides a strong foundational education to prepare students for the broad spectrum of careers in computing.

Department of Computer Science < University of California

Undergraduate Major in Computer Game Science. The Computer Game Science major gives students a strong foundation in introductory information and computer science, an extensive education in technologies and design practices associated with computer games, and an opportunity to focus in two areas of particular interest to the student.
