After the big success of my first book "Photography & Rendering with V-Ray" I decided to write a new one, with new concepts, examples and amazing scenes. I also make reference to the basics of the software, thus making the book usable even for those approaching for the first time to this method.

### **V-Ray Book - Ciro Sannino**

Photography & Rendering with V-Ray. Framing, Light Balance, Materials, Final Settings and Post-production are the five crucial phases in the innovative 5-Step Render Workflow (5SRW) method. Examined without technicalities, these phases form a simple and deliberate pathway that aims to guide and encourage full awareness of each step leading to the creation of any kind of render.
