Clinical Supervision of Outpatient Mental Health Services. Revised: 08-04-2016. Definition. Clinical supervision is the documented time a clinical supervisor and supervisee spend together to discuss the supervisee's work, to review individual recipient cases, and for the supervisee's professional development.

Clinical Supervision of Outpatient Mental Health Services

Developmental disability is a diverse group of chronic conditions that are due to mental or physical impairments that arise before adulthood. Developmental disabilities cause individuals living with them many difficulties in certain areas of life, especially in "language, mobility, learning, self-help, and independent living". Developmental disabilities can be detected early on and persist ...

A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants". The discrepancy between the current condition and wanted condition must be measured to appropriately identify the need. The need can be a desire to improve current performance or to correct a deficiency.

The CDC climate and public health framework was established in 2006, due to a recognition by several scientists that there was a need to prepare for the inevitability of climate change, and the impact it would likely have on the health of US residents and the world population in general. In FY2009, CDC formally established its Climate and Health Program.
