Help raise sun safety awareness for grades K-12, educators and the general public.

Sun Safety | US EPA

Walkability is a measure of how friendly an area is to walking. Walkability has health, environmental, and economic benefits. Walkability Is Good for You Factors influencing walkability include the presence or absence and quality of footpaths, sidewalks or other pedestrian rights-of-way, traffic and road conditions, land use patterns, building accessibility, and safety, among others.

Family planning services are defined as "educational, comprehensive medical or social activities which enable individuals, including minors, to determine freely the number and spacing of their children and to select the means by which this may be achieved". Family planning may involve consideration of the number of children a woman wishes to have, including the choice to have no children, as ...
