

### **political ideology and voting pdf**

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons.. The term was coined by Antoine Destutt de Tracy in 1796, who conceived it as the "science of ideas". In contemporary philosophy it is narrower in scope than that original concept, or the ideas expressed in broad concepts such as worldview, imaginary and ontology.

### **Ideology - Wikipedia**

In social studies, a political ideology is a certain set of ethical ideals, principles, doctrines, myths or symbols of a social movement, institution, class or large group that explains how society should work and offers some political and cultural blueprint for a certain social order.A political ideology largely concerns itself with how to allocate power and to what ends it should be used.

### **List of political ideologies - Wikipedia**

Liberal intolerance. See also: Liberal intolerance and Liberal bigotry Many modern liberals have a tendency of to be intolerant of ideas that contradict liberal ideology which increasingly includes many strange notions (see: Liberal intolerance).For example, radical feminists commonly claim that one is not born a man or woman, but one becomes a man or woman through gender socialization.
