Du Bois published *Black Reconstruction (BR)* in 1935 with Harcourt, Brace and Company (New York). He completed it after leaving the NAACP and returning to Atlanta University. Its subtitle, "An Essay Toward a History of the Part Which Black Folk Played in the Attempt to Reconstruct Democracy in America, 1860-1880," neatly summarized his central argument in the book.

Principles and parameters is a framework within generative linguistics in which the syntax of a natural language is described in accordance with general principles (i.e. abstract rules or grammars) and specific parameters (i.e. markers, switches) that for particular languages are either turned on or off. For example, the position of heads in phrases is determined by a parameter.

Overview & History. Definition. Social Impact Assessment includes the processes of analysing, monitoring and managing the intended and unintended social consequences, both positive and negative, of planned interventions (policies, programs, plans, projects) and any social change processes invoked by those interventions.

Social Impact Assessment

Our social media guidance, which is underpinned by the Code, covers the need to use social media and social networking sites responsibly.. It is not intended to cover every social media situation that a nurse or midwife may face, however it sets out broad principles to enable them to think through issues and act professionally, ensuring public protection at all times.
