Preview – Free eBook: The Principles Of Project Management by Meri Williams from SitePoint. This book is for anyone who wants to learn enough project management to ensure their projects succeed. You won't become a world authority on the project management discipline, but you will become an effective and efficient project manager.

Free Project Management Books : PDF Download

Project management is the practice of initiating, planning, executing, controlling, and closing the work of a team to achieve specific goals and meet specific success criteria at the specified time. A project is a temporary endeavor designed to produce a unique product, service or result with a defined beginning and end (usually time-constrained, and often constrained by funding or staffing ...

Project management - Wikipedia

In project management, a schedule is a listing of a project's milestones, activities, and deliverables, usually with intended start and finish dates. Those items are often estimated by other information included in the project schedule of resource allocation, budget, task duration, and linkages of dependencies and scheduled events. A schedule is commonly used in the project planning and project ...

1. Introduction. Crawford and Hassner-Nahmias (2010) highlighted the increasing research interest in the use of projects as a way to institute change in organizations. Parker et al. (2013a) suggested that it is a business imperative for organizations to use project-based initiatives as levers for organizational change to ensure success. SÅ¶derlund (2010) indicated that increasing numbers of ...
