Modern Physics and Ancient Faith argues that the great discoveries of In his accessible and eminently readable new book, Stephen M. Barr demonstrates that what is really at war with religion is not science itself, but a philosophy called scientific materialism.

Modern Physics and Ancient Faith by Stephen M. Barr

In Modern Physics and Ancient Faith, Stephen M. Barr makes the case that developments in modern science have shifted the burden of proof in the argument between religion and materialism (29). In framing this debate, Barr is clear that the battle is not between religion and science but between religion and materialism (1).

Modern Physics and Ancient Faith, Stephen M. Barr

Modern Physics and Ancient Faith argues that the great discoveries of modern physics are more compatible with the central teachings of Christianity and Judaism about God, the cosmos, and the human soul than with the atheistic viewpoint of scientific materialism.

Modern Physics and Ancient Faith by Stephen M. Barr

Modern Physics and Ancient Faith is one the best books on cosmology and theology without a compromising of the physics. The book is well written, in plain English and with technical appendices as required.
