

### **training for cross country pdf**

Cross country running is a sport in which teams and individuals run a race on open-air courses over natural terrain such as dirt or grass. Sometimes the runners are referred to as harriers (dogs). The course, typically 4–12 kilometres (2.5–7.5 mi) long, may include surfaces of grass, and earth, pass through woodlands and open country, and include hills, flat ground and sometimes gravel road.

Cross country equestrian jumping is an endurance test that forms one of the three phases of the sport of eventing; it may also be a competition in its own right, known as hunter trials or simply "cross-country", although these tend to be lower level, local competitions.. The object of the endurance test is to prove the speed, endurance and jumping ability of the true cross-country horse when ...
